

Oncore Cables provides the best customized fiber and copper solutions while offering a wide selection of stock products. Although we are known for our quick turnaround, we have established a reputation for having quality cables at a competitive price. Our products, which include assemblies in Cat5e, Cat6 and

6a, 10 gigabit laser-optimized and standard 50 micron multimode, 62.5/125 multimode, singlemode and mode conditioning cables are all individually tested and guaranteed for a lifetime. We also stock every combination of cables with LC, SC, ST and MTRJ connectors and we can build to order almost any custom

cable assembly. Cables are also available in custom lengths, colors, environmental specifications, and various multi-fiber cable configurations and combinations according to your needs. Call us today for a quote at [888.ONCORE.2](tel:888.ONCORE.2) or visit us online at www.oncorecables.com.

Oncore is your one-stop cable source, with over 75,000 ready-to-ship stock cable products and quick delivery on custom assemblies. Call toll-free at 888.ONCORE.2 or visit us online at oncorecables.com.
