

Warranty

Oncore Power Systems, Inc. warrants to the original purchaser of this power product that it will be in good working order for a period of one year from the date of purchase from Oncore Power Systems or an authorized Oncore reseller. During the term of the warranty, should this power product, in Oncore's opinion, malfunction, Oncore will, at its option, repair or replace it at no charge, provided that the power product has not been subjected to misuse, abuse, misapplication, or non-Oncore authorized modifications, alterations and/or repairs. Oncore's sole obligation is limited to repair or replacement of the power product as provided above. Any use of the power product for a device for which it is not intended will constitute misuse and is not subject to the warranty.

If you should need to return your power product for warranty repair contact Oncore technical support at 866.759.9700 outside California or 949.759.9700 to receive a Return Material Authorization (RMA) number and detailed instructions.

THE FOREGOING CONSTITUTES THE SOLE AND EXCLUSIVE WARRANTY OF ONCORE AND ONCORE DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE FOREGOING NOTWITHSTANDING, IN THE EVENT THE POWER PRODUCT IS PRIMARILY USED FOR PERSONAL, FAMILY, OR HOUSEHOLD PURPOSES, EXPRESSED AND IMPLIED WARRANTIES FOR THIS POWER PRODUCT INCLUDING, BUT NOT LIMITED TO, THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE ABOVE ONE YEAR PERIOD. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LAST, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

UNDER NO CIRCUMSTANCES WILL ONCORE POWER SYSTEMS, INC. BE LIABLE IN ANY WAY TO THE USER FOR DAMAGES, INCLUDING ANY LOSS OF REVENUE, LOST SAVINGS, LOST DATA OR ANY OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES INCURRED BY THE USER OR THE USER'S INABILITY TO USE THIS PRODUCT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR COMPUTER PRODUCTS, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU.

Made in USA. Features and specifications subject to change without notice.

6-Bay Battery Charger User's Guide

Thank you for purchasing the Oncore 6-Bay Charger. This charger is designed specifically for educational users and enables charging of up to six Apple MacBook or iBook batteries. Use of this product is very simple. Follow this brief guide for instructions on its use and important precautions.

Instructions

The charger is designed with three sets of two charging bays. Each set of bays will charge one battery at a time, allowing the charger to charge three batteries simultaneously. You may insert batteries in any order. Charging will begin on the first battery inserted in each set. Charging continues on the second inserted battery, once the first inserted battery reaches a full charge. If charging two or more batteries, insert one into each set to evenly distribute the charging.

The charger automatically detects the battery upon insertion and interrogates its current state of health before charging. The charger then controls, monitors and terminates the charge cycle when charging is either complete or an error is encountered.

⚠ Caution: Use the charger only with batteries, such as Oncore's, that exactly meet Apple's specifications. This charger must only be used with specific battery models for which it is designed. Failure to do so, may result in battery or charger damage, or personal injury. Charger model and battery compatibility may be found on charger's bottom product label.

Indicator Lights

Each charge bay features a bicolored LED in front of it to indicate the battery charge status.

LED	STATUS	FUNCTION INDICATED
	Flashing Green	Charging
	Solid Green	Fully charged
	Flashing Red	Battery error
	Solid Red	Charger error
	Off	Standby

💡 Tip: LED indicator guide is also available on charger's bottom product label.

Package Contents

- Oncore 6-Bay Charger
- AC Power Adapter
- AC Power Cord
- User's Guide

Customer Support

Your Oncore 6-Bay Charger sets the standard for quality and reliability. Your purchase is backed by outstanding service and support.

Online technical support is available during the life of your product through Oncore's support web site (www.oncorepower.com) and by email (support@oncorepower.com). Installation, configuration and technical support is available by telephone during warranty period through Oncore's technical support center at (866) 759-9700.

Safety and Care Information

To ensure safe usage of your Oncore battery charging product, follow these important safety precautions.

- Set up your charger on a level, stable work surface.
- Keep charger and power adapter away from liquids or areas of high moisture.
- Never insert any object other than intended battery into charging bays.
- Use only the AC power adapter that came with your charger.

The power adapter, charger and batteries may become hot during normal use. Allow for proper ventilation around the power adapter, charger and charging batteries. The bottom of the case is raised to allow airflow and cooling. Do not use on soft surfaces such as a rug or carpet.

Never force battery into charging bay. Check for any obstructions before insertion. If debris gets into the battery connectors, it may prevent proper charging.

Technical Specifications

Charger

Charge rate:	Determined by battery, not to exceed Max Charge Current
Charge termination:	Determined by battery, max charge time, and battery temp
Output voltage:	12.5±1% VDC ¹ /16.6±1% VDC ²
Max charge current:	1.35A±10% ¹ / 1.0A±10% ² (per slot)
Max charge time:	8 hours (typical for six empty 4400mAh batteries) ³

Power Supply

AC Power Requirements:	100-240VAC, 50-60 Hz
Power Rating:	60W
DC Output:	19VDC, 3.16A

Mechanical

Width:	276 mm (10.87 in)
Depth:	182mm (7.17 in)
Height:	45mm (1.77 in)
Weight:	1100g (2.43 lb)
Color:	White

Environmental

Storage Temp Range:	-10 to 50°C (14 to 122°F)
Operating Temp Range:	5 to 35°C (41 to 95°F)

¹ MacBook and iBook 12-inch models

² iBook 14-inch model

³ 10 hours (typical for six empty, 4400mAh high capacity iBook 14-inch batteries)
